

## FAASTeam Flight Instructor Open Forum Summer 2015

The purpose of this Flight Instructor Open Forum is to stimulate discussion regarding ways to increase effectiveness of transition training from traditional "steam gauges" to glass panel displays. More than ever before, the fleet of aircraft in which we train the pilots of tomorrow is being upgraded with new equipment. What are the best practices for teaching this transition? Don't miss this opportunity to discuss the methods, techniques, and challenges involved in guiding a pilot through a transition. Join your flight instructor colleagues in making a positive difference in flight training sa. Click on the link below to register for this event today!

**Directions:** Buffalo-Niagara Airport, just off Aero Drive at the former location of Flying Tigers Restaurant.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
